TO WHOM IT MAY CONCERN

Lama Kunzang has practiced the Buddha Dharma for over twenty-five years under the inspiration of great Tibetan masters such as my own teacher, H.H. Dilgo Khyentse Rinpoche.

He has founded several Dharma centers in Europe and other places, where he has worked over a long time to benefit the Buddhist teachings.

He also has manifested great generosity in supporting projects for preserving and spreading the Tibetan heritage, by sponsoring the printing of rare books, the building of temples and colleges in Nepal, India and Tibet.

He has often visited the Himalayan countries (India, Bhutan and Nepal) and is well considered by the Buddhist community.

We therefore hope that he will be able to fulfill his aspirations to help and sustain the Buddhist tradition both in the West and the East
